

Massaranduba Decking

Know the Pau Lope™ Difference

Pau Lope™ brand Massaranduba is the latest addition in our lineup of the finest hardwood decking. It is defect-restricted, kiln-dried and well packaged. Highly durable and low maintenance with a Janka hardness of 3190 lbs, Massaranduba is a great alternative to Ipe. The wood exhibits a rich reddish brown color with a fine uniform texture and straight to interlocked/wavy grain. From the forest to finished product, it is easy to see why nothing else measures up to Pau Lope™ Massaranduba.
